Reformation

Do not fret little children, for it is your Father's good pleasure to give you the kingdom! Did I not say, "The violent take it by force?" Why are my people lethargic and listless in their inner man? Why do they take a "ho hum attitude" in the churches of this world?

Reformation is coming through a handful of my anointed ones. Their power will be from me and not from their costly array and their costly buildings that they erect for their own self aggrandizement.

"The edifice, no matter how grand and glorious does not impress me" says the Lord of hosts. Where is the building that is great enough for me to dwell? No, I want men and women with contrite hearts, who want to do all my word. I want truehearted workers in the harvest that will not flag or fail in every circumstance. Your buildings will not save you, but the temple of your body, filled with the Holy Spirit and Fire are the criteria, that is the chief thing!

Enter my courts with thanksgiving in the temple of your heart and be strengthened in the inner man.

Amen and amen
