## **Tornadoes**

There are many things about the weather that are frightening and devastating, as we have seen with the tornadoes of the last few years. No one seems to be exempt from the grips of this tirade on any continent; in fact, tornadoes are extant on every continent except Antarctica. How much devastation and cost economically worldwide is any bodies guess, but the cost is astronomical.

In the 2nd chapter of the book of Acts, there was an act of God. "Suddenly, there was a sound from heaven like the roaring of a mighty windstorm in the skies above them, and it filled the house where they were meeting. Then what looked like flames or tongues of fire appeared and settled on each of them. And everyone was filled with the Holy Spirit and began speaking in other languages as the Holy Spirit gave them this ability." Most of you may be familiar with this passage of scripture, but if not, read the entire second chapter of the Book of Acts.

This mighty windstorm got the attention of all Jerusalem, because men from many nations were there to observe the Feast of Pentecost. The Church of Jesus Christ began on that day, and the rest is history! God used his power over the elements to call attention to a mighty move of His and he chose to use a tornado-like wind to call attention to his work on earth! Only there was no damage with this rushing wind, but through this mighty act of God, 3000 souls were saved through fire of the Holy Spirit, and inspired preaching of the word. This mighty wind got the attention of all, and has great significance for us in this day and time. It was the ushering of the Holy Spirit to the entire world!
